

Adobe LiveCycle ES4

Course Length: 1-day (8:30am – 4:00pm)

Course Cost: \$350.00 plus GST

About This Course

Adobe LiveCycle Enterprise Suite 4 is an enterprise document and form platform that helps you capture and process information, deliver personalized communications, and protect and track sensitive information. LiveCycle ES4 extends business processes to your mobile workforce and clients, increasing productivity while broadening service access to any user equipped with a desktop, smartphone, or tablet. LiveCycle ES4 helps you generate more secure, personalized electronic and paper documents, improving engagement and standards compliance while reducing costs. It streamlines and improves user correspondence from creation to archival for system generated, on-demand, or interactive communications.

Course Content:

Lesson 1: Navigating the Application

In this lesson, you will learn the ins and outs of the application and familiarize yourself with the elements of the application.

Lesson 2: Creating a Basic Form

In this lesson, you will learn to create a basic form and create a fillable form from scratch.
